

REMARKS

Applicant expresses appreciation to the Examiner for consideration of the subject patent application. This Response is in reply to the Office Action mailed June 24, 2005. Claims 1-21 were pending with claims 22-29 being withdrawn from consideration. Claims 1-12 and 13-21 remain in the application. Claims 12 and 22-29 have been canceled.

Appreciation is expressed to the Examiner for the indication of allowed claims 1-10 and allowable claims 11-21 (if rewritten in independent form, and to address the 112, 2nd paragraph rejections). The claims have herein been placed into condition for allowance.

Allowed Claims:

Claims 1-10 were allowed. Claims 12-21 were indicated as allowable if rewritten to include the subject matter of their base claim and any intervening claims, and to address the rejections under 35 U.S.C. § 112, 2nd paragraph.

35 U.S.C. § 112:

Claims 11-21 were rejected under 35 U.S.C. § 112, 2nd paragraph as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention. Specifically, it was held that the two configurations claimed, including an upright configuration and a slanted configuration, were "confusing since it infers that the enclosure can simultaneously have the at least two configuration."

Claim 11 has been amended as shown in the Listing of Claims to clarify the relationship between the two configurations. Applicant respectfully requests that the Examiner contact

Applicant's representative, Jason Jones, via the telephone number listed below should this amendment not sufficiently address the § 112 concerns raised in the Office Action.

35 U.S.C. § 103(a):

Claim 11 was rejected under 35 U.S.C. § 103(a) as being unpatentable over Thorsbakken.

Claim 11 has been amended to incorporate the allowable subject matter of dependent claim 12.

Claim 12 has been canceled without prejudice.

Conclusion

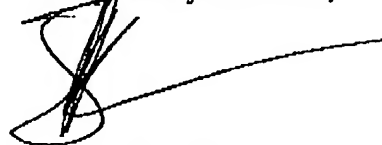

In light of the above, Applicant respectfully submits that pending claims 1-11 and 13-21 are in condition for allowance. Therefore, Applicant requests that the claims be allowed and passed to issue. If any impediment to the allowance of these claims remains after entry of this Response, the Examiner is strongly encouraged to call Jason R. Jones at (801) 566-6633 so that such matters may be resolved as expeditiously as possible.

No extension of time is necessary to timely file this Response, nor have any claims been added: therefore no fee is due.

The Commissioner is hereby authorized to charge any additional fee, or to credit any overpayment, in connection with this Response to Deposit Account No. 20-0100.

DATED this 24th day of July, 2005.

Respectfully submitted,

Jason R. Jones
